Subject Penstemon "No Listing" Team

Heads up!

Even though I was unable to travel for the entire week of Feb 13 to participate in the team meeting, [REDACTED] convinced me to work with the team. We reached a compromise and I agreed to go to Denver for one day during that week to assist in writing the oil and gas portion of the team report. So, it appears I'll be a bit "out of pocket" for the next couple of weeks. I've got some catching up to do, as the rest of the team is about a week ahead of me. I may also have some GIS data issues that may require your intervention if I cannot resolve them myself.
