## I Commit to Stand Up for Science in 2019

The best way to stand up for science is to engage directly with your local policymakers and push them to make the right decisions. Use this cheat sheet to keep your representative's contact information handy and keep track of your plans to meet with them.

Throughout the year, be sure to report back to us at [www.ucsusa.org/meetyourrep](http://www.ucsusa.org/meetyourrep) so we can learn together and measure our success.
