

Join us for a side event at COP 18 in Doha:

Achieving development and addressing the drivers of land use change

Monday, 3rd December

20:15-21:45

Side Event Room 2

Hall 5, QNCC

Instead of driving land use change, the global commodity trade can provide an opportunity for economic development without deforestation. Speakers will share experiences to help governments, businesses, and consumers address the drivers of land use change in the tropics. This side event will include the newest release of the Indonesian Moratorium map.

Speakers:

Mr. Nirarta Samadhi

Chair Monitoring Moratorium Working Group, Government of Indonesia

Nathalie Walker

Forest Footprint Disclosure Project

Mark Morage

Rainforest Alliance

Emily Brickell

Overseas Development Institute

Doug Boucher

Union of Concerned Scientists
